SELECTIVE ADMISSIONS OVERVIEW

NURSING AND HEALTH CAREERS

Most degree and certificate programs at CT State accept all interested students. Selective Admissions programs in Nursing and Health Careers have more stringent admissions requirements due to the specific nature of the program or the course work involved. Selective Admissions programs are:

ASSOCIATE DEGREES

Students who do not or will not have the admission requirements by the program application deadline should apply as General Studies Nursing and Health Careers, and apply for the selective program in a future admissions cycle. Students applying to CT State Community College who meet the admission requirements may apply to multiple selective admissions programs (e.g., nursing, radiography and veterinary technology). However, only one campus location may be chosen per selective admission program. College & Career Success – CCS 1001 is a CT State Community College requirement for associate degree students. Students must enroll within the first nine credits. For specific admission and program information for these programs, visit ctstate.edu/selective-admissions or scan the QR code.
