

**Teachers Bureau
Registration Form**

Name:

Please provide contact information that will ensure the best response.

Address:

Phone:

e-mail:

Your discipline:

Please identify your teaching schedule and the times you are free to visit another class.

Teaching schedule:

Free time:

(Indicating various times on several days during the week will facilitate our ability to match you with another faculty member.)

If you would like to participate primarily as a mentor, please identify the courses you are teaching this semester. If you are teaching an online course you would like to show to another faculty member, please indicate when you are available to do so.

We will try to match all faculty by interest, so if there is a particular discipline or teaching approach you would like to observe, please indicate it below. (For example, some faculty might like to observe a collaborative project, a discussion, a writing workshop, a lab, or a technology-dependent lesson.) We will also try to match faculty who might seek advice or guidance in a particular area.

We hope that the response will be great enough to accommodate all interested faculty.

Please respond to this questionnaire, save it, and then return it as an attachment to Len Dupille at ldupille@mcc.comnet.edu or print it, complete it, and mail it to Len Dupille at MS # 4.
