

### Report Sources and Information

The weekly preliminary credit enrollment and census reports draw from the SWKRXF02 and SWRKXF05 Banner extracts for current and prior year enrollment data, the RWKRXX01 Banner extract and RCRAPP1 Banner table for current and prior year student financial aid data. Current enrollment is compared to snapshots of enrollment from an appropriate date from the prior year. Prior year modality data and student balance data are not currently available for prior year comparison. For more information, contact your local institutional research professional.

### % Change vs. Prior Year

The difference between the current year number and the prior year number, divided by the prior year number

### Account Status

Total student tuition and fees due as of upcoming, current and previous terms, less payments, installment plan agreements, and other related authorizations

### Additional Students Enrolled

Total headcount of students taking classes at a campus other than their home campus

### Enrollment Level

Students taking 12 or more credits are full-time students; all other students are part-time students.

### Fill Rate

Maximum section enrollment divided by current enrollment of all sections offered

### Full Time Equivalents (FTE)

Total credit hours divided by 15

### Home Campus Headcount

Total number of students designating (or assigned to) their home campus

### Modality

Instructional method of classes that students have registered for: Students taking only LRON (live remote and online) and ONLN (fully online) sections are classified as "All Remote;" students taking OLCR (online with class component) LRCR (live remote or on ground), HYBR (online and classroom), or FLEX sections, or taking any combination of fully online, partially online, or in-person classes are classified as "Some Remote;" all other students are classified as "All in-Person."

### Race and Ethnicity

Students are grouped into race and ethnicity categories based on U.S. Office of Personnel Management classifications. Native Americans, Alaska Natives, Native Hawaiians, Pacific Islanders, students reporting two or more races and students not reporting their racial or ethnic identity are combined under "Various/Multiple/Unknown." **U.S. Nonresidents are included in their chosen racial-ethnic group instead of recategorized as "Various/Multiple/Unknown."**

### Seats Filled

The sum of all section registrations by enrolled students

### Student Type

"New First Time" students are enrolling for credit for the first time as postsecondary students; "Transfer-in" students have been enrolled for credit at a non-CT State institution but are enrolling here for the first time; "Continuing/Readmitted" students have previously enrolled at CT State for credit; "High School Dual Enrollment" students are secondary students taking college-level credit classes at a CT State location. **Note: Expect year-over-year Transfer-in numbers to be down significantly as students who enroll at multiple CT State campuses will no longer be counted as transfers but rather as continuing or readmitted students.**

### Total Students Served

The sum of Home Campus Headcount and Additional Students Enrolled
